PROFILE OF IMPALA PHONES PVT. LTD.

Greetings of the day !

We take this opportunity to introduce our company IMPALA PHONES PVT. LTD. Mumbai.

We are into manufacturing, installing and providing efficient after sales service for Intercom Video Door Phones and CCTV surveillance system.

As you know with great enthusiasm and with honest intension of securing your customers safety, you being a reputed developer provide various amenities including communication system, video door phones and CCTV surveillance.

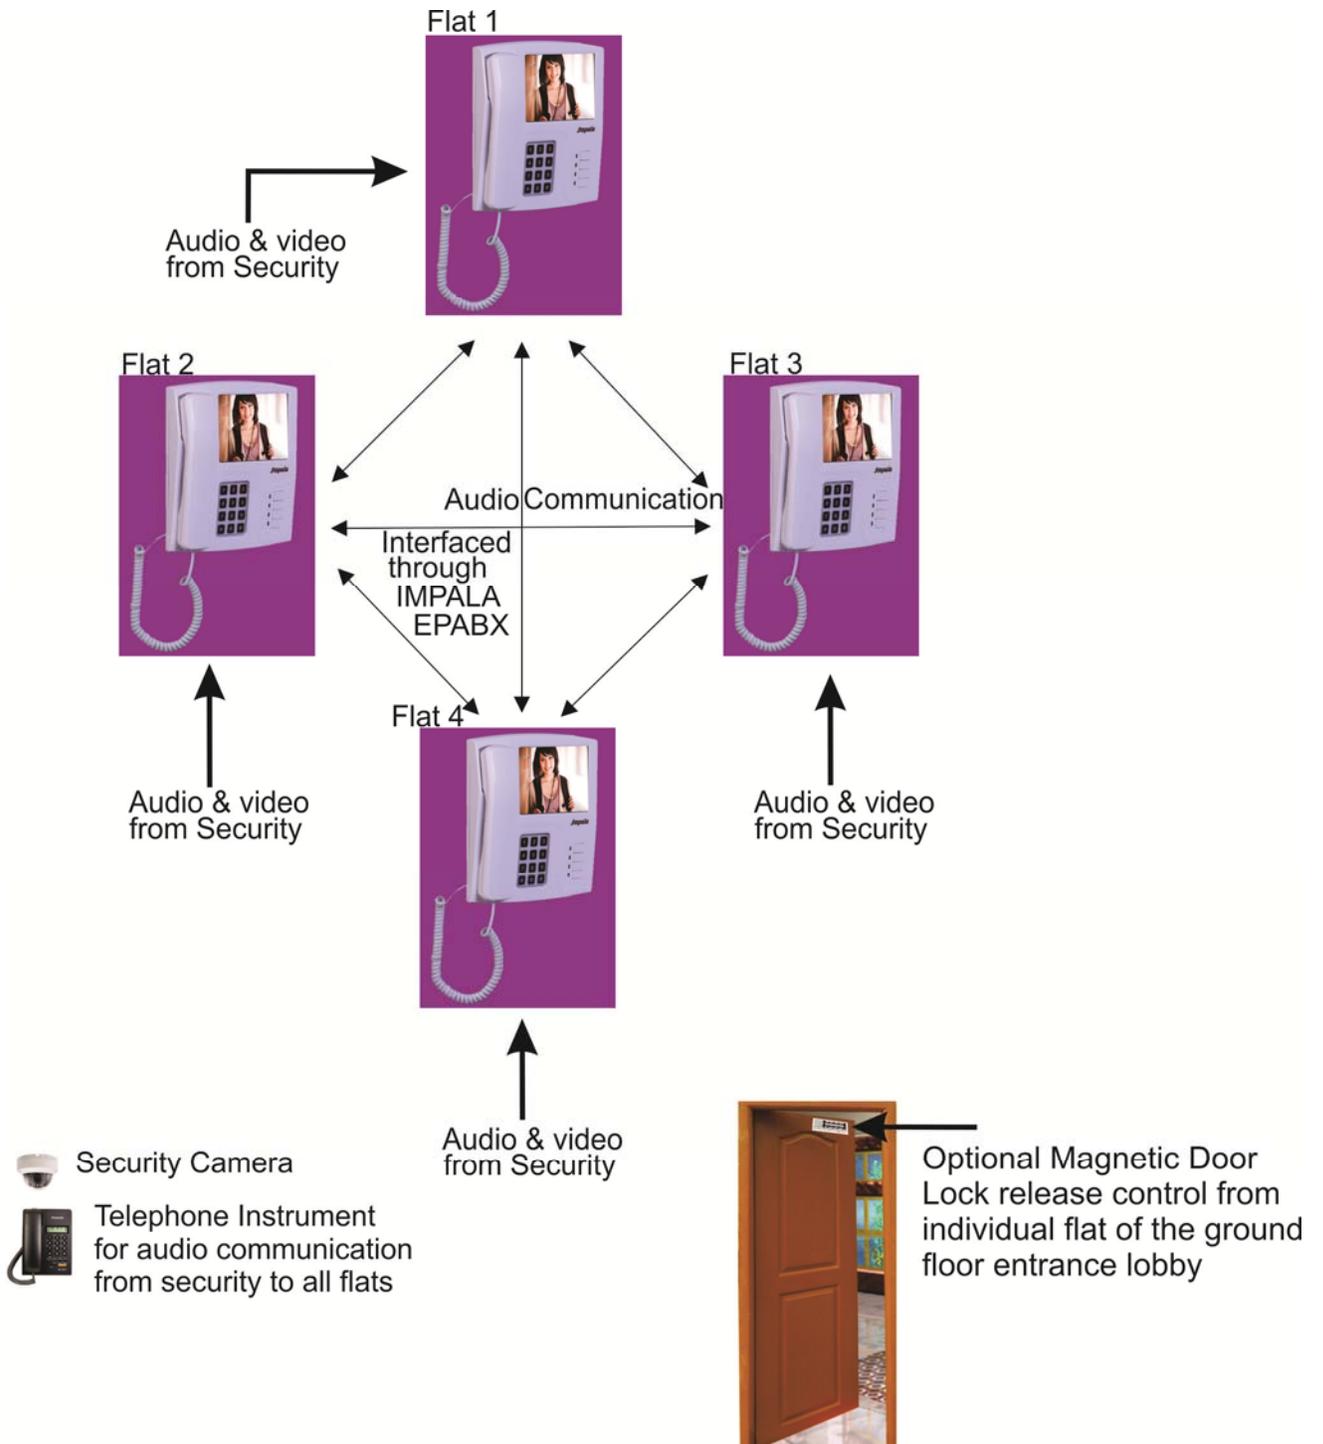

However, today many a times the vendor through whom you had trusted and got the system installed, is unable to fulfill their service commitments, most of the video door phones and communication equipments available are imported products and seldom serviceable. In many occasions, within a period of a year or so you after you handover the complex to the residents, there hardly exist any communication and safety equipment. This is mainly due to the fact that, the supplier even if they intend to provide service fail to do so due to non availability of spares and or knowledge of the internal electronics. This in turn provides a bad impression to **YOUR REPUTATION**.

So we at IMPALA, being a manufacturer established more than 3 decades ago, are manufacturing installing and providing communication equipment like intercom system, multi apartment video door phones etc. since these products are designed developed and manufactured by IMPALA, we can assure you that the products will be definably serviceable. With regards to the communication system, given an opportunity, we can assure you that you will not be let down due to inefficiency of the product and its services.

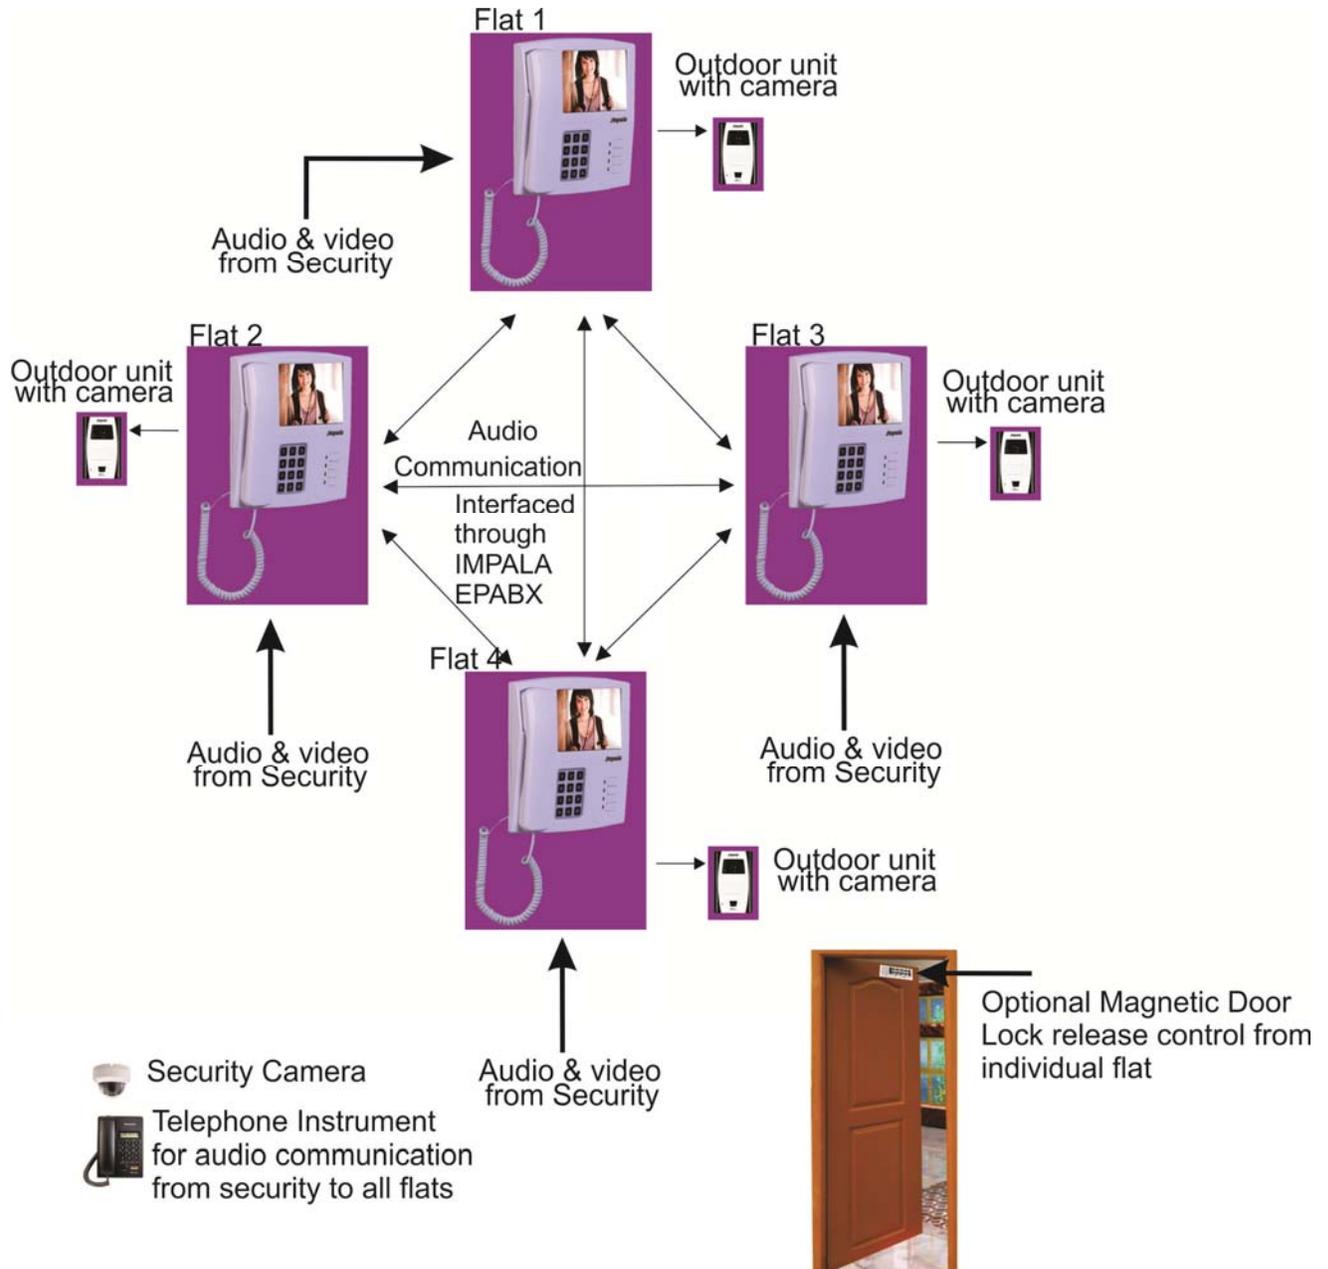

As per our company motto "**Your Safety Our Passion**", we thrive to ensure our passion by ensuring your customer safety, with efficient after sales services.

As per your commitment in various projects and your requirement various combination of system can be provided as under:

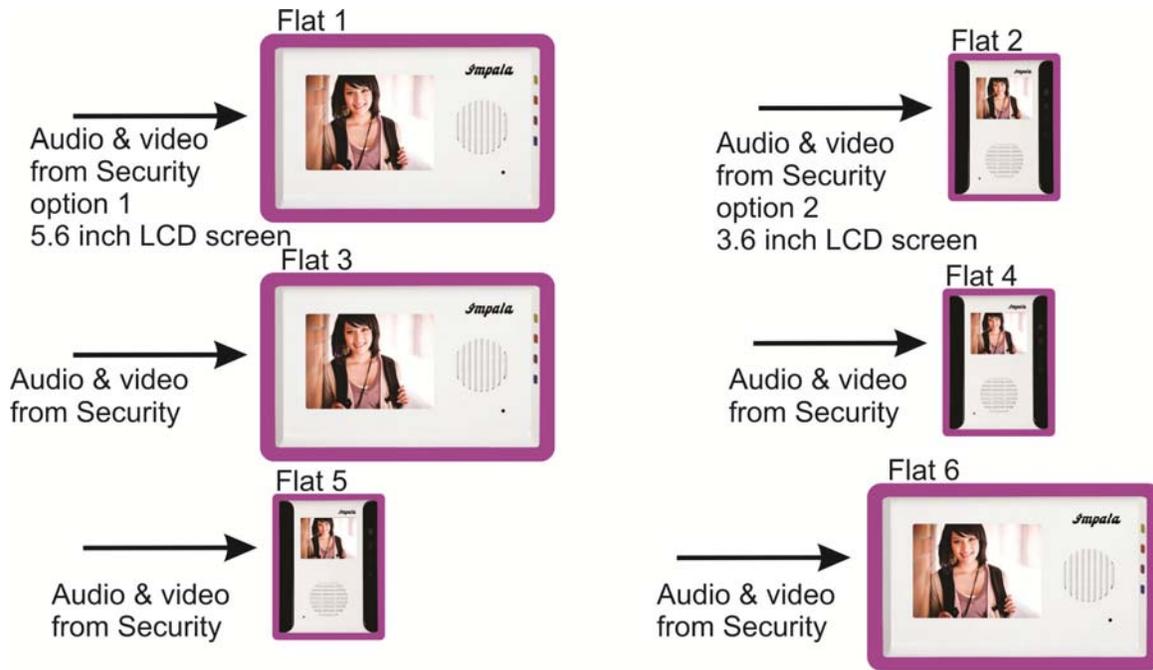

- 1 Multi apartment video intercom system.
